Green Tech Company Seeking Junior Finance Controller to be Based in China

Join a dynamic international team solving one of the world’s largest environmental problems. Vecor Limited is a green technology company with proven, patented technologies to utilise the smog that pollutes the skies of Asia to make high value ceramics products. With a registered office in Hong Kong and operations in China, Australia, the Philippines as well as technology partnerships in Italy and Germany, a career at Vecor offers countless ways to make an impact in a fast growing organisation and on the world.

The Finance Controller will be an ambitious and dynamic self-starter who is looking to stretch themselves and perform in a fast-paced young organisation. They will be hungry to take on the greater responsibility and job scope not on offer in more mature businesses. The ideal candidate will be a qualified accountant with 3 years’ top tier experience, a business degree and an interest in doing business in China. The Finance Controller reports to the Deputy CEO. This position is located in our Shandong, China office, offers a competitive salary, bonus and relocation package.

The ideal candidate will have the following skills, experience and attitudes:

- Qualified accountant
- At least 3 years’ experience practicing accounting at a reputable institution
- Expert MS Office skills, particularly Excel
- Fluent professional English with high-level oral and written communication skills
- Highly organised, energetic and proactive
- Proven ability to handle confidential information
- Evidence of emerging leadership qualities a bonus
- Meticulous and detail oriented
- Chinese language skills not essential but a strong bonus
- A culturally sensitive team player
- A motivated self-starter who’s willing to take ownership of workstreams and reliably deliver with minimal supervision
- Positive attitude

Typical responsibilities will include:

- Demonstrating a high degree of automation in statement generation, consolidation and other rule based accounting calculations that ought not to be a significant drain on human resource
- Demonstrating a high degree of flexibility in generating near real-time periodic, custom and ad-hoc reports with appropriately detailed, intuitively presented information that is useful for management’s business decision making
- Producing quarterly audit packs and being responsible for liaising with EY for completion of the external audit on an annual basis
• Able to generate (at least) monthly IFRS compliant financial statements (position, performance, cash, equity etc.)
• Acting on a strong desire to deeply understand the business and constantly contribute to its success
• Performing a pivotal role in budgeting and cash flow management
• Implementing and monitoring replicable best-practice control systems

Interested candidates should send their CV to hr@vecor.com
